Competition Rules

The five competition dates and Themes/Genres for each are aligned to the Northern Ireland Photographic Association (NIPA) calendar.

- Images must be entirely the work of the Photographer. In composite images, all component images must meet this requirement. For the avoidance of doubt, use of images from any other source including, but not limited to, royalty free image banks and clipart are not permitted. This includes the use of AI to generate backgrounds, elements, or enhancements that were not originally captured by the photographer
- In the case of portraiture or any photograph featuring identifiable individuals, it is the photographer's responsibility to obtain a signed model release form from each subject. The release must grant permission for the use, publication, and distribution of the image(s) for the intended purpose(s).
- Changes to competition rules shall be made at an Annual General Meeting (AGM) or Extraordinary General Meeting (EGM).
